I AM LOOKING FOR WORK/EXPERIENCE IN GENERAL GRAPHIC DESIGN, TO BE A PROFESSIONAL GRAPHIC DESIGNER IN A TEAM WORKING ENVIRONMENT.

EXPERIENCE

I worked as a full time Graphic Designer for Elite Media Corporation (EMC) in Bradford - from 29th March 2010 - 25th March 2011.

As part of EMC my job role was primarily that of a designer, designing promotional print material - leaflets, brochures, business cards - logos - letterheads and more.

However there were times when I had to help design and make shop signs - applying external vinyl lettering onto aluminium boards.

I have also designed and printed onto clothes (T-Shirts, Jackets and Hoodies)

As a part of EMC working with the client was a must and keeping the client happy was the most important thing. When working with the client I had to explain the reasons for why I had designed something, i.e. a company logo, the way I did. If the client doesn't agree, I make sure I know exactly what sort of look they are wanting to go for.

Designed a website and other promotional work for a chauffeuring company - A.C.E.S '11 (Paid and on going) www.a-c-e-s.biz

Designed a banner for Selby Primary School which got printed and is currently in use. '10 (Paid)

Freelance Illustration work -

To create storyboards for a film script - To illustrate scenes from the script. - '09 (unpaid)

DESIGN EDUCATION

BA HONS Graphic Design (Illustration) at Teesside University '06 - '09

National Diploma in Graphic Design - Thornes Park College (Wakefield) '04 - '06

ABOUT ME

I am a confident user with the Creative Suite 5 Packages specialising in Adobe Photoshop and Adobe Illustrator and InDesign also working knowledge in Flash and Dreamweaver.

I've always enjoyed discussing my design ideas with others, where I have benefited from other people's opinions.

I put a lot of time and effort into whatever I do. Both my punctuality and attendance are of excellent standard.

I can work well as a strong team player as well as being able to work individually as proven in my work.

MY INTERESTS

In my spare time I love to experiment with photography, photographic manipulation using Adobe Photoshop CS5.

I am currently trying to get better acquainted with Adobe Flash CS5 and Adobe After Effects CS5 as well as HTML/CSS.
